

Farington Parish Council

Minutes of the Parish Council Meeting Monday 4th July 2022, at 7pm, at St Paul's CE Primary, Croston Road, Farington Moss.

Present: - Councillor Michael Green (Chairman); Councillor Shaun Bradbury; Councillor Tony Green; Councillor Mike Otter; Councillor Karen Walton (Vice-Chairman); Councillor Chris Wharton-Hardman and Councillor Paul Wharton-Hardman

In attendance: - Lisa Burton - Clerk to the Parish Council
PCSO James Slater
Borough Councillor Mary Green
12 members of the public

The meeting opened at 7.01pm

43. (22/23)

Apologies for Absence/Chairman's Health and Safety Announcements

Councillor Michael Green welcomed everyone to the meeting and advised the Health & Safety announcements to the meeting.

Resolved

44. (22/23)

Declarations of Interest

Members are requested to indicate at this stage in the proceedings any items on the agenda in which they intend to declare an interest. Members are reminded that if the interest is a Disclosable Pecuniary Interest (as defined in the Members' Code of Conduct) they must leave the room for the whole of that item. If the interest is not a Disclosable Pecuniary Interest, but is such that a member of the public could reasonably regard it as being so significant that it is likely that it would prejudice their judgment of the public interest (as explained in the Code of Conduct) then they may make representations, but then must leave the meeting for the remainder of the item. Councillor Shaun Bradbury declared a personal interest in the issue with the antisocial behavior at St Paul's Play Area.

Resolved

45. (22/23)

Chairman Michael Green asked for all those present to introduce themselves to the meeting and provided an explanation on how the meeting works and the agenda item for Public participation.

Resolved

46. (22/23)

Minutes of the Last Meeting

The minutes from the meeting held on 6th June 2022 to be approved as a correct record and signed by the Chairman.

Chair.....

Date.....

Councillor Karen Walton proposed the minutes be approved, Councillor Paul Wharton-Hardman seconded.

Councillor Karen Walton advised that work has begun on boarding up the abandoned property on Croston Road, and also that a request for funding for the Leyland Play Scheme had been raised by Councillor Karen Walton and Councillor Paul Wharton-Hardman on the 7th June 2022

Resolved

47. (22/23)

Neighbourhood Policing Team Update

The Neighbourhood Policing Team and Deputy Police & Crime Commissioner have been invited to attend the Parish Council meeting or to provide a report on issues in the local area.

PCSO James Slater advised that with regard to antisocial behavior in the area, but that his normal beat is South Leyland. PC Robert Walker is aware of the key hotspots such as Wade Hall. The team are also looking at CCTV based on the current arrangement in Chorley and are hoping to roll this out across South Ribble. There is a lot happening with the new response team being set up.

Chairman Michael Green advised that he is aware of the opportunity to visit the Chorley Borough Council control room and asked that the invite be extended to Parish Councillors. PCSO Slater agreed that this is a good idea, but that for now the invitation was at Borough level only.

Councillor Karen Walton advised that the owners/caretakers of Farington Lodges had sought security advice following the theft of fish from the Lodges.

Councillor Paul Wharton-Hardman advised that he is working with colleagues at South Ribble Borough Council to tackle Rogue Traders by implementing a 'No Cold Calling' zone in the Lever Lane area of Farington.

PCSO Slater advised that all cold calling should be reported to the police, there is a similar problem in Moss Side. Councillor Paul Wharton-Hardman advised that it can be very difficult to get through to the police and when reported online it can take up to 4 weeks for a response. Deputy Police and Crime Commissioner Andy Pratt attended the last Farington Parish Council meeting and agreed.

PCSO Slater agreed that there is a shortage of staff which is causing issues. The creation of the response team in Leyland will be key to allowing the Neighbourhood Policing Team to get back on top of issues.

A member of the public suggested that there should be a beat mobile – this has been piloted before elsewhere in the UK. PCSO Slater advised that there was a need to avoid putting too much pressure on individuals, but he will make a note of the suggestion.

Chairman Michael Green advised that he is now the Lancashire County Councillor responsible for Trading Standards and is working to cover all of the areas mentioned.

Councillor Shaun Bradbury advised that Deputy Police and Crime Commissioner Andy Pratt had invited the Parish Councillors to visit the control centre, and that he would be attending, and hoped that fellow Parish Councillors would also take advantage of the offer.

A member of the public advised that there had recently been a theft from the Scout Hut near St Paul's Church.

Members of the public advised of speeding on Old School Lane, which they have attempted to report, and cannot get through to the Police, and then advised that speeding is not a Police issue. They have tried to contact the Sergeant and had no response.

Councillor Paul Wharton-Hardman advised that they should call every incident into the Police.

Chairman Michael Green advised that the issue has been raised with the Police.

PCSO Slater agreed that it was wrong not to get a response from the Sergeant.

The member of public advised that he had observed the road from around 4.30 for an hour and the number of speeding vehicles was crazy.

PCSO Slater reiterated that the creation of the response team will take the pressure of the Neighbourhood Policing Team and allow them to tackle more issues like this.

Councillor Paul Wharton Hardman asked if Lancashire County Council can make any changes, the road is access only, so could restrictions be placed there on a temporary basis.

PCSO Slater advised that possibly vehicle recording strips could be put down.

A member of the public advised that the issue has been discussed with PC Walker, but no action has been taken.

Councillor Shaun Bradbury advised that there is a similar issue on Croston Road.

There was a serious accident some weeks ago, plus there is a weight limit of 7.5 tonnes, however HGV's are still using the road. Residents are requesting that chicanes are installed to slow traffic. The area requires a targeted overall approach. The road safety partnership can assist with speed awareness and can provide volunteers at night with Cameras.

48. (22/23)

Adjournment for Public Participation

Representatives from South Ribble Borough Council and other organisations may speak under this item as well as members of the public and local residents.

Councillor Michael Green welcomed the Members of Public to the main part of the meeting.

Councillor Shaun Bradbury left the room whilst the issues at St Paul's Play Area were discussed

A member of the public wished to raise the issues with anti-social behaviour over the last few weeks at St Paul's Play area. He apologised for bombarding the Parish Council Clerk with emails, but felt it was important to ensure the incidents are recorded. A proposed plan of actions was provided to the Parish Council. He advised that a group of 17-25 year old's regularly come to the play area in the evenings at weekend, playing football, causing damage and carrying out antisocial behaviour, and enough is enough. The previous night at 9.54pm they were wheel spinning and had their horns blaring, and the residents cannot put up with it anymore. There have been incidents at 10.36 and 9.56pm of them kicking footballs against the fence – this starts from 4pm!

Chair.....

Date.....

A member of the public added that they also urinate on the play area, and against the fences of bordering properties and in the cemetery.

A member of the public advised that they own a caravan and footballs can cause damage. On Sunday night the disturbance was so loud it could be heard with the house windows closed. The residents would just like peace and quiet.

A member of the public advised that he is happy to see children using the play area but not adults. There needs to be a solution to the situation.

A member of the public advised that there is no respite from the situation. The abs plays on the mind, it is not necessarily about the cost of the damage but the situation is untenable. The previous evening events reached a climax and the member of public went to speak to the individuals on the park. It was a dangerous situation as other neighbours have had car windows smashed in the past. There needs to be a solution to 15+ people playing football after 10pm at night.

Chairman Michael Green advised that he is not convinced that the size of the goals are appropriate for the play area.

A member of the public advised that they are told to ring the police, but then the individuals are 'only' playing football.

Councillor Paul Wharton-Hardman asked what solutions or ideas the members of public have?

Councillor Karen Walton advised that this could be covered under phase 2 of the play area development – are the Parish Council allowed to lock the gate at night?

A member of public advised that this had been tried previously, but the access to the footpath to St Paul's Close needs to be open. Most of the time the individuals are there he can smell drugs being smoked.

Councillor Karen Walton advised that there are similar issues at Tardy Gate / Hope Terrace play area.

The member of public advised that cost may be an issue, but options would be to reduce the height of the goals, provide proper pedestrian access and close the carpark. The football area could be fenced off, but this is an expensive option. When the individuals do leave the area at night there are screeching tyres and honking horns. Is it possible to have CCTV or dummy cameras and signs?

PCSO Slater advised that the CCTV project in South Ribble would begin with 4 cameras but hoping to extend this. He advised he would wait to the end of the agenda item and then go and visit the site.

Councillor Paul Wharton-Hardman advised that the Diocese (from whom the Parish Council lease the land) require that pedestrian access is provided, however it is possible that a bollard could be placed at the carpark entrance in line with the plan provided by a member of the public. Also, Deputy Police and Crime Commissioner Andy Pratt advised that there is a pot of money available to tackle asb.

A member of the public advised that he would like an evidence capturing facility from the Police, even on a temporary basis.

The Clerk advised the scheme of works proposed for phase 2 of the play area refurbishment.

Councillor Karen Walton suggested that it would be appropriate to remove the goal post straight away, and with regard to pedestrian access, there are gaps in the hedges which people already use regularly.

A member of the public advised that there are gaps in the hedges and also that access to the cemetery is easy, It has been noted that a piece of carpet has been placed in the cemetery, not even sure if someone is living there!

Councillor Karen Walton suggested that a meeting with the Diocese would be required regarding the responsibility for pedestrian access.

PCSO Slater suggested that the best course of action would be to remove the goal posts, restrict access to the carpark, and speak to the team at Farington Lodges regarding dummy CCTV boxes. He suggested that the entrance should be made secure, and also there are now cheaper CCTV options, using solar power for lighting and SD cards for recording CCTV footage. The main thing is to be taking steps to improve the areas security.

A member of the public advised that if the Parish Council would install CCTV, then they would supply the electricity.

Councillor Paul Wharton-Hardman proposed the removal of the goal posts, and the installation of a bollard at the carpark entrance.

A member of the public stated that the bollard would require parameters but he would volunteer to put the bollard down at 7am and raise the bollard at 8pm. There is also a need to consider the bowling club.

Chairman Michael Green thanked the member of public for the offer.

PCSO Slater suggested a bollard with a code lock to ensure multiple parties could access the lock.

The member of public agreed advising it could be patrolled by the Community.

Chairman Michael Green advised that he had concerns regarding the goal posts.

They could be removed, but must be replaced. The cost of the bollard also needs to be considered.

Councillor Paul Wharton-Hardman suggested the cost of the bollard would be less than £300

Chairman Michael Green then proposed that the standing orders be waived for the remainder of the meeting.

Unanimously agreed.

Resolved

Chairman Michael Green suggested that the removal/replacement of the goal posts and the installation of the bollard requires further consideration and proposed to call an extraordinary meeting of the Parish Council to discuss the matter further. (date to be confirmed)

Councillor Tony Green seconded Chairman Michael Greens amendment to Councillor Paul Wharton-Hardman's proposal.

A member of the public requested that they be allowed to attend the extraordinary meeting please.

A member of the public requested that they (the public) discuss the issue with the Diocese.

Chairman Michael Green proposed that the goal posts should be removed immediately.

Unanimously agreed

Clerk to arrange for the goal posts to be removed from the play area

Resolved

Chair.....

Date.....

Councillor Shaun Bradbury was invited back to the meeting at 8.02pm

Members of the public wished to discuss a new business that has opened adjacent to their property.

The business called 'Release the Dogs' is 2 fields adjacent to the member of public's property. The fields are enclosed by 6ft fences which some dogs have escaped from. There has been an incident where the member of public's chickens have been killed and some injured.

There are children running around on the site, and after dark there are people with torches – there is no management presence on site. The site opens at 6am in the morning. There are some type of agility fixtures that have been put in place, but essentially there are children and dogs running around. There are up to 8 dogs in each field at any one time and this has been 7 days a week from 6am to 10pm. The opening hours have recently changed to 8am to 8pm.

There is also constant whistling. This has caused the members of public to have to cage their own dogs. The fields have only one fence as a barrier. There is no secondary fence or security.

Chairman Michael Green commented that the photographs provided to South Ribble Borough Council are shocking.

Councillor Paul Wharton-Hardman advised that he would contact the director of planning tomorrow.

The member of public advised that there are now up to 8 cars every hour constantly attending the fields.

Councillor Paul Wharton-Hardman advised that the retrospective planning application for the site has been called to committee and therefore the public will be allowed to speak and voice their objections. He will support any objections.

The member of public advised that they are not against the company, just that it is in the wrong location.

Borough Councillor Mary Green advised that she had observed a Police Dog Notice down near the site.

The member of public advised that the Police do not train dogs at the site.

The retrospective planning application will be discussed further under the agenda item for planning.

49. (22/23)

Signing of Memorandum of Understanding with Leyland Albion Football Club for the use of the BTR Football Fields.

The Memorandum of Understanding has been amended in line with feedback from the last Parish Council Meeting, and can be signed by the Chair of Farington Parish Council and a Representative of Leyland Albion Football Club.

The Memorandum of Understanding was signed by the Chairman and Clerk for Farington Parish Council and 2 representatives of Leyland Albion Football Club.

A question was raised regarding the additional fencing at the barrier to the playing fields.

Councillor Mike Otter advised that the fencing had been added following the occupation of the football field by travelers some years ago.

Chair.....

Date.....

The Chairman of Leyland Albion Football Club Dan Leigh advised that there is an issue with dog waste on the football pitches. The pitches need to be checked before every training session and match. He has witnessed people allowing their dogs to mess and then not picking it up. Could signage be added around the football pitches advising of no dogs. Additionally, the fencing around the main pitch has recently been repaired and secured but has since been kicked in.

Councillor Shaun Bradbury advised that he understands the issue having been a football coach. It is far better to embarrass the perpetrators.

Councillor Karen Walton advised that the area has public access and therefore need to be careful regarding banning dogs.

Dan Leigh advised that Leyland Albion would purchase signage for around the pitches only.

The Clerk is requested to investigate signage with South Ribble Borough Council.

The Parish Council would be willing to contribute to the cost.

Councillor Mike Otter advised that both pedestrian access gates have signs on either side of the gates but more are required.

Councillor Paul Wharton-Hardman proposed delegated spending of up to £300 for the Clerk to purchase signage. Seconded by Councillor Chris Wharton-Hardman.

Unanimously agreed.

Resolved

The Clerk advised that the CCTV installation should be reviewed

Councillor Paul Wharton-Hardman suggested that the CCTV is not monitored properly.

Councillor Shaun Bradbury suggested the CCTV is revisited.

Leyland Albion Football Club asked if it would be possible to install an additional toilet block for use by parents and public.

Chairman Michael Green asked if planning permission would be required.

It was discussed and agreed that planning permission is not required for a temporary building / structure.

Unanimously agreed.

Resolved

The members of Leyland Albion Football club left the meeting at 8.25pm

50. (22/23)

Notice of Councillor Vacancy

The Parish Council declared a vacancy for Farington Parish Council Central Ward. Cllr Paul Buckley has been unable to attend the Parish Council meetings for over 6 months, which automatically creates a new vacancy on the Parish Council.

The Clerk is requested to write to Dr Buckley in appreciation of his contribution to the Parish Council over the past 3 years.

The formal vacancy process will now be followed, the Clerk has informed Electoral Services of the Vacancy. An election may be triggered but with full elections just 10 months away it is hoped that the vacancy will be filled by co-option rather than the cost of running an election.

Councillor Paul Wharton-Hardman advised that he has spoken with Dr Buckley and

that his good-natured approach and fun demeanour will be missed.
Councillor Mike Otter advised that the Vacancy Notices will be placed on the notice boards tomorrow.

Resolved

51. (22/23)

Planning

07/2022/00281/FUL – Retrospective planning application - Cuerden Strategic Site East Of Stanfield Lane Lostock Lane Lostock Hall Lancashire PR5 5YG

Following the discussions during item 48 the Parish Council discussed the response to the planning application.

It was agreed that there is no issue with the business itself, however the Parish Council will object to the application on the following basis: The facility has been open for 5 months without planning permission. Councillor Shaun Bradbury advised that concerns have been raised with the Parish Council, and there is a responsibility to the people in the local area affected by the business. No planning applications should be retrospective.

Councillor Paul Wharton-Hardman suggested that the Parish Council should object due to the effect of the amenity, it is causing a nuisance and has not been set up properly considering the amount of use and traffic. Councillor Karen Walton advised that the facility was dangerous due to the amount of traffic. Councillor Tony Green advised that it seemed the facility is being misused and that Dog walkers and handlers and not being managed. Councillor Paul Wharton-Hardman advised that there will be access to new houses near the site which will require detailed reports, but this could impact upon this planning application as the road cannot cope.

The member of public advised that the road will be altered but the site still impacts upon access to his property.

Councillor Michael Green suggested that these are safety issues rather than amenity issues.

The member of public advised that they have had to call the police due to traffic blocking the road. They have been advised to contact 101.

The Clerk is requested to submit an objection to the planning application on behalf of the Parish Council.

Councillor Karen Walton advised on the proposed Ambulance Station on Sherdley Road (07/2022/00331/FUL). The station will be a modular building but there are concerns that the Ambulances must access the A road which often has standstill traffic.

Councillor Paul Wharton-Hardman advised that he had written in support of the application as there is good access to local areas.

Councillor Michael Green advised that he had no view to submit on this particular application.

Councillor Karen Walton advised that she is continuing discussions with the developers of the Caddick Development.

Councillor Shaun Bradbury advised that there was no further information regarding the application for Lodge Lane

Councillor Michael Green advised that with regard to the planning application for Old School Lane, there is now access to the outline planning application.

Councillor Paul Wharton-Hardman advised that he had called in and would like to object.

Councillor Michael Green advised that the planning committee meeting will be on the 28th of July 2022 or in September 2022

Resolved

Members of the Public left the meeting at 8.04pm

52. (22/23)

Borough Council and County Council reports

The Borough and County Council members will give an update on Borough and County Council matters affecting the Parish Council area.

County Councillor Michael Green advised that at the last cabinet meeting it was agreed to bid for the levelling up funding for 2 schemes including the A582. He also requested that the Clerk forward the 'Consultation on Pan-Lancashire draft Pharmaceutical Needs Assessment 2022' to all Parish Councillors.

Resolved

53. (22/23)

Clerk's Report (Including Legthsmans Update)

Lengthmans update was made available at the meeting.

Online internet / telephone now completed, and in use. New cheque book available for signing. The Clerk requested that 7 cheques be signed as a back up for any issues with online banking.

AGAR for the external audit has been completed and the 'Exercise of Public Rights' published on the website and the noticeboards

Name badges/lanyards – to be ordered – proof's provided (correct Parish Wards will be added). Just a photograph required from Councillor Paul Wharton-Hardman. Councillor Paul Wharton-Hardman confirmed that his current photo could be used.

St Paul's Playground project tender awarded to Play & Leisure.

Dates for the project have been provided – work to begin week commencing 05/09/22 for 3 weeks ending on 23/09/2022. There will be a pre-project start meeting with Play & Leisure before the works start.

On completion of phase 1 a sign for the play area (Commemorating the Queen's Platinum Jubilee) will be installed, which will include that the land is leased from the Diocese of Blackburn in line with the lease agreement.

SRBC have replaced the drain cover on the carpark and will also remove the unused sign posts x 3.

Chair.....

Date.....

SRBC have investigated the drain and found several blockages which are under repair.

A second phase of the project will take place to cover flooding issues, footpaths inc. new pedestrian access, planting and a peace/dementia garden.

A new notice board will be provided.

Perimeter path issue will be addressed – health & safety issues – flooding issues.

Phase 2 of the project to be planned once dates are known for the play area refurbishment.

The quote for power connection to the cabin at BTR fields has been received – works ongoing (Lengthsman is coordinating)

CCTV Service was booked for 30/06/2022 – delayed to 14/07/22

First of five notice boards ready for delivery. To be installed at Whitestake. Councillor Paul Wharton-Hardman asked if information from Borough and County could be added to the noticeboards. It was agreed that there is no issue with this.

Bus Shelters Ordered – installation is underway. Old Shelters are being removed week com. 20/06/22 and installation taking place week com. 27/06/2022.

Community Road Safety Resource Pack – Delivered. A second pack will be provided. The question was raised as to whether the stickers can be placed on wheelie bins. The Clerk will enquire with SRBC.

Noted that the chain needs to be updated with names of Chairman and dates of office. A list of Chairmans names and dates has been circulated. The list of names and dates was unanimously agreed.

The Councillor Vacancy notices are ready to be added to notice boards

54. (22/23)
